

UFOs - PROJECT GRUDGE

BLUEBOOK REPORT #13

When the USAF's investigation into UFOs was terminated, a series of 'Blue Book Reports' were released to the public.

Reports # 1 - 12 contained innocuous and non-sensitive material.

The final report #14, was widely circulated, and a book was even written about it.

Missing from public view, however, was Report #13.

The following is a summary of what researcher Bill English found when he uncovered this elusive report.

Extracted from an article prepared and written by John Lear.

A series of PROJECT GRUDGE/BLUEBOOK reports have been related over the years in connection with the USAF's investigation into UFOs which was supposedly terminated with the release of the Condon report in the late 1960's. Reports 1 through 12 of PROJECT GRUDGE/BLUEBOOK were generally innocuous and contained no classified or truly sensitive material. There was a final report, #14 which was widely circulated, and about which an entire book was written: *FLYING SAUCERS: AN ANALYSIS OF THE AIR FORCE PROJECT BLUE BOOK SPECIAL REPORT NO. 14* by Leon Davidson; the fifth edition was published in 1976 by Blue-Book Publishers; 64 Prospect St., White Plains, New York 10606. Missing from public view, however, was report #13.

Several years ago, Bill English, son of an Arizona state legislator and former Captain in the Green Berets had been assigned to an RAF 'listening Post' north of London as an information analyst. English was, in the course of his duties, asked to prepare an analysis of the elusive GRUDGE 13 report. On his discharge from his work at the 'listening Post' he returned to the United States and began to do a little UFO research on his own. Bill had been no stranger to the UFO phenomenon. In VietNam he was member of a Special Forces investigative team that went in to retrieve a B-52 that was forced down by a UFO and all the occupants killed. Communications had been received from the B-52 before it went down to the effect that it was "...under attack by a UFO...", a "...large light...". The plane was found intact, sitting in the jungle. There was no swath indicative of a crash landing. Only the bottom of the fuselage showed any damage, there was no damage to the underside of the engine pods. Although the plane was completely intact the entire crew had been mutilated.

Bill English, through contacts he still maintains has determined that the US government 'most definitely' supports a 'project dealing specifically with UFO's and captured aliens'. According to what he has learned, the US government captured a trio of aliens, and that as of mid 1981, one of the beings was still alive in captivity. Bill also claims that "at one point in the early 1950's until the mid 1960's the Air Force maintained relocation and debriefing colonies for people that had experienced close encounters of the 3rd and 4th kind. They were isolated for all intents and purposes for the rest of their lives. He doubts that these colonies are still in existence.

Bill dictated 2 audio cassettes outlining what he remembered from the Grudge 13 report. These audio cassettes were transcribed into hand written notes by another person. The information con-

tained therein indicated what had been suspected all along that the US Government was involved in the greatest deception in the history of mankind and that not only did flying saucers exist but that the government had several in secret storage and had captured at least three live aliens.

The following is a summary of what Bill English remembers from what he read during that day in July of 1977 of PROJECT GRUDGE/BLUE BOOK REPORT NO. 13.

In box, diplomatic pouch under lock and key system. Lock had been opened, pouch was easily accessed. Standard diplomatic couriers pouch marked American Embassy Couriers, contained pouch serial number j1327Delta. Inside a publication with red tape which indicated code red security precautions and an Air Force disposition form. Disposition form was standard white page copy, title was 'Analysis Report'. Further down was 'Analyze enclosed report under code red measures, give abstract breakdown and report on validity. Observe all code red measures. Analysis required immediately'. Underneath were a series of dashes then the letters NDF then another series of dashes. Below that, lower left hand corner were the initials WGB.

Publication was withdrawn from pouch. It measured approx. 8" by 11" with grey cover. Heavily bound, paper back style similar to technical manuals. Across the center front it read, "Grudge/Blue Book Report No. 13". It was dated 1953-(1963). In the lower right-hand corner was AFSN 2246-3. in upper left hand corner was the word 'annotated'. Across the front upper right hand corner to lower left hand corner was red tape indicating code red security measures. Across the front was stamped in red ink 'Top Secret Need to Know Only Crypto Clearance 14 Required'. Inside front cover upper left hand corner were hand written notations in ink which were blacked out by black felt pen.

Inside cover sheet was basically the same information as the cover. Second page was a title page. Next page after that was an appendix with numerous notations made in it. Notations dealt with inserts of what appeared to be photos and additional notes. At bottom of third page it read G/BV Page 1 of 624 pages. Title page was subject letter. Some notes on the practical applications of the Worst Nemo equations.

Must stress at this point that the version seen was annotated. There were inserts that were added to this copy after it had been initially printed.

Sections remembered very vividly are the photographs and the reports concerning captive sights of various UFOs to include Mexico, Sweden, United States and Canada. There were also what was then classified Close Encounters of the 3rd kind. It was made very clear that these people whom it was determined had genuine CE3's were moved in the middle of the night by Air Force personnel and relocated to various sites in the midwest and Northwest parts of the United States. In many cases these people experienced physical ailments from exposure to various types of radiation.

One case especially noted and remembered very vividly was entitled "Darlington Farm Case" out of Ohio. Case apparently took place in October 1953. Man, wife and 13 year old son were sitting down at dinner table. As they sat there the lights in the farm house began to dim. Dogs and animals raised ruckus on outside. 13 year old boy got up from dinner table to see what was going on. Called his mother and father to come look at the funny light in the sky. Father and mother went out onto the porch. When they got out on the porch one of the dogs broke loose from leash beside house and came running around front. Boy began chasing it into the open field. As mother and father watched the light come down from the sky. They described it as a round ball of fire and it began to hover over the field where the boy and dog had run to. As they stood and watched, the mother and father heard the boy start screaming for help whereupon the father grabbed his shotgun which was right next to the door and began to run out into the field with the mother following. When the father got to the field he saw his son being carried away by what looked like little men, into this huge fiery looking object. As it took off the father fired several rounds at the object, to no avail. They found the dog, it's head had been crushed but no sign of the boy or any other footprints of the little men who apparently carried him off. Father immediately called the Darlington police and they immediately came out to investigate. The official report read that the boy had run off and was lost in the forest which bordered the farm. Within 48 hours the Air Force made the determination that the family was to be relocated and the mother and father were picked up by Air Force Intelligence and all personal belonging and possessions were loaded into U.S. Air Force trucks and moved to a northwestern relocation site.

The mother was in shock and had to go through a great deal of psychotherapy and deprogramming as did father. One interesting aspect about this case was classification under Air Force report which read it was a genuine CE3 and that for the good of national security the mother and father had been relocated to relocation zones Z21-14. Not sure whether this indicated map grid coordinates or latitude longitude. According to the report there were at least four relocation sites across the United States. Depending upon which type of encounter these people had, the report indicated that there were extensive medical facilities available at the relo-

cation sites to deal with all medical emergencies up to and including radiation poisoning. The report mentioned a site located in the Utah-Nevada area, but no indication of its purpose or what it was for.

Report gave clear indication of reports of human mutilations, most notably was a case witnessed by Air Force personnel in which an Air Force Sgt. E-6 by the name of Jonathan P. Lovette was observed being taken captive aboard what appeared to be a UFO at the White Sands Missile Test Range in New Mexico. This abduction took place in March of 1956 at about 0300 local and was witnessed by Major William Cunningham of the United States Air Force Missile Command near Holloman Air Force Base.

Major Cunningham and Sgt. Lovette were out in a field down-range from the launch sites looking for debris from a missile test when Sgt. Lovette went over the ridge of a small sand dune and was out of sight for a time. Major Cunningham heard Sgt. Lovette scream in what was described as terror or agony. The Major, thinking Lovette had been bitten by a snake or something ran over the crest of the dune and saw Sgt. Lovette being dragged into what appeared to him and was described as being a silvery disk like object which hovered in the air approximately 15 to 20 feet. Major Cunningham described what appeared to be a long snake-like object which was wrapped around the sergeant's legs and was dragging him to the craft. Major Cunningham admittedly froze as the sergeant was dragged inside the disc and observed the disc going up into the sky very quickly. Major Cunningham got on the jeep radio and reported the incident to Missile Control whereupon Missile Control confirmed a radar sighting. Search parties went into the desert looking for Sgt. Lovette. Major Cunningham's report was taken and he was admitted to the White Sands Base Dispensary for observation.

The search for Sgt. Lovette continues for three days at the end of which his nude body was found approximately ten miles down-range. The body had been mutilated; the tongue had been removed from the lower portion of the jaw. An incision had been made just under the tip of the chin and extended all the way back to the esophagus and larynx. He had been emasculated and his eyes had been removed. Also, his anus had been removed and there were comments in the report on the apparent surgical skill of the removal of these items including the genitalia. The report commented that the anus and the genitalia had been removed 'as though a plug' which in the case of the anus extended all the way to the colon. There was no sign of blood within the system. The initial autopsy report confirmed that the system had been completely drained of blood and that there was no vascular collapse due to death by bleeding. Sub-comment was added that this was

unusual because in any body who dies of bleeding or in the case of a complete blood loss there is always vascular collapse. Also noted was that when the body was found there were a number of dead predatory type birds within the area who apparently had died after trying to partake of the sergeant's body. There were a number of extremely grisly black and white photographs. From all indications the body had been exposed to the elements for at least a day or two. The New Mexico sun in the desert is extremely hot and debilitating under normal circumstances.

In this section of the report it also indicated that there were numerous occasions in which a ufo was tracked along side a fired missile and on one occasion said missile was observed being taken aboard a UFO while in flight. The speeds indicated were absolutely phenomenal. (English's father had told him privately that on

more than one occasion he had personally tracked what they termed as 'Foo fighters'. English's father was an electronics engineer by profession and was fairly well versed on electronics engineering and design and on more than one occasion he was involved in telemetry programming of missiles. (English's father is currently a state legislator in Arizona.)

The report also indicated that there were a number of recovery teams that were activated specifically for the purpose of recovering any and all evidence of UFO's and UFO sightings. Most notably recorded in publica-

tion was what they called Recovery Team Alpha. It was reported that Alpha had been extremely active in a number of areas and on certain occasions had traveled outside the United States. Alpha was based out of Wright-Patterson Air Force Base and was on the move constantly.

Further information in the report consisted of such things as reported sightings and where Air Force planes had been destroyed or had combat encounters or had been attacked by UFO's. Also there were autopsy reports of various human mutilations.

About midway through the report came a section which dealt specifically with photographs. Each photo was labeled and appended to certain reports. A number of photo's dealt with a recovery program of some type that took place in the southwestern part of the United States. They did not give a location name, but they did give grid coordinates for that area. There is no clear indication to exactly where it was. The photos dealt with special teams that were called in to recover a crashed UFO. It also dealt with alien bodies and autopsy reports, autopsy type photographs, high quality, color, 8 x 10, 5 x 7.

Photo number 1 showed an alien being on an autopsy table which is a metal table with runnels and traps underneath to trap fluid and faeces. Body appeared to be a little short of 4 feet. Table about 7 foot. No clothing on body, no genitalia, body completely

heterous, head was a rounded cranium, slightly enlarged, eyes almond shaped, slits where nose would be, extremely small mouth, receding chin line, holes where ears would be. Photo was taken at angle, side view, looking at body from 45 degree elevation, left hand was visible, head was facing to left, body was right to left (head on right, feet on left), eyes were closed appeared to be oriental-looking and almond shaped, left hand slightly longer than normal, wrist coming down just about 2 to 3 inches above the knees. Wrist appeared to be articulated in a fashion that allowed a double joint with 3 digit fingers. Wrist was very slender. There was no thumb. A palm was almost non-existent. The three fingers were direct extension from the wrist.

Color of the skin was a bluish gray, dark bluish gray. At base of the body there was a darker color, indicating body was dead for some time. Body fluids or blood had settled to base of body. This indicated that body had been examined before beginning autopsy.

Pictures showed beginning stages of autopsy, following standard procedure, body was slit from crotch to just under chin and green viscous liquid was in evidence. There were internal organs but these could not be identified. Photos thereafter concerned specific areas of internal organs of what appeared as small cluster of multi-valve heart or at least two hearts within the cadaver. No accurate description of autopsy report or what was found with corpse accompanying photos. Indications that there was no stomach or digestive tract per se. Later analysis showed that fluid within the body was chlorophyll based liquid which apparently dealt with photosynthesis or similar process. The report theorized that nourishment was taken in through mouth.

One section of the report did specify that cadavers were extremely odorous, but this could be accounted for by either deterioration or a number of things, but theory was that waste was excreted through pores of skin. They could only theorize in report because there was no xenobiology.

A report by Dr. J. Allen Hynek was recalled vividly which indicated that he had also studied the information provided by this particular case and that he felt that it was indeed a genuine UFO capture and subsequently the alien was part of UFO. Dr. Hynek was non-committal but did however sign the report. Also indicated in the report that he did not view the bodies personally, but viewed photographs and accompa-

nying reports from autopsies.

Other photos dealt with a number of bodies which were vivisectioned in various ways. At one point, a head was removed from the body and photographed and autopsy was performed on head. The cranium was opened and brain matter was photographed and evident. Interesting thing about photo was that there was a ridge bone or dividing partition-type bone running directly through center of skull, from front to back, as though dividing two brains, one from the other. This seemed apparent from the picture. The skin was completely removed from the cranial structure and the skull was layed bare as much as possible.

At one point the skull was cut directly in half and photo showed under developed esophagus and nasal cavities. No clear photo of eye orbs as we know them, just complete vivisection of skull itself.

Numerous photos of flesh of the being starting with cutaneous and subcutaneous microphotographic plates appeared to be cellular studies done under microscopic and electronmicroscopic type photos. Extreme magnification of tissue samples.

This concluded Bill English's statement which was transcribed from 2 cassette tapes. I obtained this hand written memorandum in August of 1987 from Paul Bennewitz during my visit with him in Albuquerque.
